

Weland Utemiljö

Weland Utemiljö AB manufactures maintenance-free products for outdoor settings. Our range comprises items such as restaurant fences, bicycle shelters, storage sheds and waste sorting sheds.

Our promise is to supply products that are lightweight, maintenance-free and easily assembled. All products are of high-quality and manufactured in Sweden.

We strive to be a reliable partner in long-term partnerships and our strength is to always supply the right products on time and on budget.

Weland Utemiljö not only meet requirements and expectations, but exceed them. We regard environmental commitment as integral to our manufacturing, and work for more efficient energy-recovery.
