

## Weland Medical AB

The family-owned company Weland Medical AB manufactures innovative plastic closures to meet your needs. The plastic closures are marketed as WeLoc. Our clips are ideal for the food industry, pharmaceutical industry, pet food and as corporate give-aways to promote your brand.

We offer fast, reliable delivery by truck, air, sea or by parcel. The production is made by our affiliate, Weland Plastic AB, in Smålandsstenar, Sweden. Weland Plastic is certified according to IATF 16949 and ISO 14001.

Innovation, function and quality has since our start in 1983 characterized Weland Medical. We have a WeLoc for any application. If not we will design a new one for you. WeLoc is today a global company, but still all our design and manufacturing takes place in Smålandsstenar, Sweden.
