## Weland Plåt AB

Weland Plåt AB is a manufacturing company geared to industry. Weland Plåt's manufacturing business is located in Taberg, Sweden.

Our strength is our solid experience as a one-stop shop for multidisciplinary production of items such as store fittings, recycling stations and custom pieces in stainless steel and aluminium. We can produce both small-scale and large-scale batches and one-off items. Weland Plåt takes pride in delivering superior Swedish quality.

We have state-of-the-art machinery for sheet metal and tube work, and a highly skilled workforce. Weland Plåt also metal punch, bend and weld. We also offer a range of surface treatments, which makes us a reliable supplier.
